

Vroon B.V. – Vacancy:

We have a vacancy for an assistant operator in the Operations department in Breskens.

It is the intention that the right candidate will after gaining sufficient experience and showing the right aptitude will eventually assume the role of Operator.

The assistant operator will in conjunction with the Operator be responsible for the voyage operations / voyage administration of Vroon's dry bulk, container and car carrier fleets currently a total of 14 vessels, which is expected to increase in number to approx. 20 vessels in 2010. Operators are responsible for ensuring that the vessel performs in accordance with the relevant C/P – liaising with Charterers / vessel/ship managers, etc.

Whilst sea going experience and/or previous vessel operations experience would be beneficial, candidates with a Maritime education will also be considered for this entry level position.

For more information interested candidates can visit our website [www.vroon.nl](http://www.vroon.nl), and if more detailed information is required on job content should be free to contact the undersigned.
